COMMENTS:

The applicant is requesting a use permit to allow for a tanning salon, located at 904 North Scottsdale Road, Suite No. 104 in the GID, General Industrial District. Any retail exceeding fifteen percent (15%) of the total floor space area in the GID requires a use permit. The tanning salon will employ one (1) employee. Hours of operation will be between 9:00 am and 8:00 pm, Monday thru Saturday as well as from 9:00 am to 6:00pm pm on Sundays. Fahrenheit Tanning will encompass approximately 1,314 square feet of the 8,025 square foot retail building.

Staff notes that while during due diligence of the property including a site visit, it was noted that there were several issues that are in violation of the Zoning and Development Code. These issues include a refuse enclosure that was constructed without a building permit, electrical conduits running along the north and west elevations that require painting to match the color of the building, and non-compliant lighting above the parapet. Commercial Code Enforcement will issue a correction notice to the property owner to correct these concerns. Also, the refuse enclosure and a newly striped accessible parking space, reduce the number of required parking spaces provided on site from 21 spaces to 19 spaces.

Staff supports the use permit application. No public input has been received to date.

Use Permit

The Zoning and Development Code requires a use permit to allow a tanning salon in the GID, General Industrial District.

Evaluating the use permit, the proposal appears to pass the use permit test listed below:

- a. Any significant increase in vehicular or pedestrian traffic in adjacent areas;
 - There will be no significant increase in vehicular or pedestrian traffic in adjacent areas.
- b. Nuisance arising from the emission of odor, dust, gas, noise, vibration, smoke, heat, or glare at a level exceeding that of ambient conditions;
 - This use should not create any nuisances.
- c. Contribution to the deterioration of the neighborhood or to the downgrading of property values which is in conflict with the goals, objectives or policies for rehabilitation, redevelopment or conservation as set forth in the City's adopted plans, or General Plan;
 - The proposed development would not contribute to neighborhood deterioration or downgrade property values. This use permit request is consistent with the General Plan 2030's Land Use Element. The requested use permit will not be detrimental to the surrounding area, but will further the General Plan Land Use Element Goals and Strategies.
- d. Compatibility with existing surrounding structures and uses;
 - The proposed use appears to be compatible with surrounding uses

Conclusion

Staff recommends approval of the use permit, subject to conditions.

REASONS FOR APPROVAL:

1. There will be no significant increase in vehicular or pedestrian traffic in adjacent areas.
2. This use should not create any nuisances.
3. The proposed development would not contribute to neighborhood deterioration or downgrade property values. This use permit request is consistent with the General Plan 2030's Land Use Element. The requested use permit will not be detrimental to the surrounding area, but will further the General Plan Land Use Element Goals and Strategies.
4. The proposed use appears to be compatible with surrounding uses.

SHOULD THE HEARING OFFICER ELECT TO TAKE AFFIRMATIVE ACTION ON THE REQUEST, THE FOLLOWING CONDITIONS OF APPROVAL SHOULD APPLY.
