Agenda Item 2 — Transportation Marketing/Public Involvement Budget

Staff presented proposed reductions to fiscal year 2010/2011 marketing and public involvement budget. The budget for FY 2010/11 is \$519,800. Committee Consensus: Committee approved the following:

- Eliminate transportation annual report - *\$4,500 savings.*
- Eliminate transit passes for city volunteers - *\$2,000 savings.*
- Reduce Walk to School Day costs - *\$5,000 savings.*
- Reduce Tour de Tempe costs- *\$4,500 savings.*
- Reduce Trip Reduction Bike Program costs - *\$2,500 savings.*
- Reduce Trip Reduction Clean Air Challenge costs - *\$2,600 savings.*
- Reduce Youth Program Promotion costs - *\$3,500 savings.*
- Reduce the subsidy amount that the city pays for the Platinum Pass by having employees pay \$10 per paycheck for the pass or by having employees pay 25 percent of total monthly usage – *approximately between \$25,000 and \$38,000 savings with \$10 per paycheck option. More research is needed to determine if the 25 percent of total monthly boardings approach is feasible and what savings would be realized.*
- Allow advertising on interior and exterior of most Tempe buses, at all non artist-designed Tempe bus shelters and in kiosks at all nine Tempe light rail stations - *\$345,000 potential revenue generation.*
- Limit the program participation age for the Youth Transit Pass Program to youth ages 11 to 18 OR put a cap on the number of passes distributed each year – *savings TBD.*

Based on the recommendation, the total potential savings is estimated to between \$49,600 and \$62,600 annually of the Marketing/Public Involvement budget with a potential for additional revenue generation of

\$345,000 annually. The next step is for the Marketing Committee chair to present these ideas to the Adhoc Transit Fund Committee.

Agenda Item 3 — Light Rail Station Advertising

Amanda Nelson presented information on the METRO Adopt-A-Station program and light rail train wraps. Local businesses and civic groups are able to adopt a light rail station for \$100 and receive their name on a station plaque. Adopt-a-station responsibilities include occasionally picking up trash at the station. Costs associated with train wraps have already been programmed into the operational cost of light rail. Each city receives the proportional dollar amount based on mileage in its city. 10 trains have been set aside for full train wrap paid advertising and an additional four trains for member cities to use for community advertising.

Committee Consensus: As discussed during Agenda Item # 2, the Committee recommends allowing kiosk and station advertising at all nine Tempe light rail stations.
